

3rd ISTFP Conference
October 13-15, 2014
Camera di Commercio
Via G. Verdi 2
Parma, Italy

Dear ISTFP Members and Colleagues interested in TFP,

This is the **Third Announcement** of the 3rd International Conference of the International Society for Transference Focused Psychotherapy (ISTFP).

The Conference

The Conference will be held in **Parma, Italy, on October 2014, 14-15.**

Please find the final **Scientific Program** attached.

The TFP Introductory Workshops

On Monday October 13, two **Introductory Workshops** on TFP for Adults and Adolescents are scheduled. Please find the detailed **Workshop Program** attached.

The Conference location

The Conference and the Workshops will be held at the Camera di Commercio Congress Center (Chamber of Commerce, via Giuseppe Verdi 2), conveniently located between the heart of the city, Piazza Garibaldi, and the railway station (both at 5-minute walking distance).

The Conference Official Dinner

The **Conference Official Dinner** is scheduled on Tuesday, October 14. The dinner will take place at the **Circolo di Lettura e Conversazione** in Parma (via Melloni 4), located in a charming historical palace in the city center, dated XVII century, and at walking distance from the Conference venue.

Demonstration Supervision

A demonstration supervision for TFP therapists to two cases treated in TFP and presented by participants is kindly offered by Frank Yeomans (New York, USA) and Eve Caligor (New York, USA) on the last conference day, October 15, from 8.30 to 11.00. Whoever interested in presenting a case should proceed as follows:

- present briefly the case;
- select a segment of a taped (better if videotaped) session (no more than 20');
- it should be in English, or a translated transcription should be provided.

The Local Organizing Committee will screen the cases and inform the supervisors and the applicants on the final decision. Please send the above mentioned material to Sergio Dazzi (sdazzi@dazzistudio.it) to apply.

We are grateful to Eve and Frank for offering the opportunity to learn how to organize clinical material to provide a thorough supervision. For this purpose we require that the patient is being treated in TFP (no matter the level of clinical expertise of the therapist).

We warmly invite all of you to take advantage of this opportunity and to submit case material **by October 5th**.

This demonstration supervision will be opened up to 50 additional participants to the Conference who are interested in observing the supervision process. To register please click here: <https://it.surveymonkey.com/s/ISTFPSupervision>

About Parma

Parma is an ancient city located in the North of Italy. The Latin term *parma* (-ae) refers to a small circular shield used by the Etruscans and later on adopted by the Roman army, which conquered the town around the 2nd century b.C.. While during the Middle Ages Parma was under the Frankish and Papal rule, in the Modern era it became the capital of the Duchy of the Houses of Farnese, Bourbons, and lastly of Marie Louise, Napoleon's second wife. The city center keeps charming monuments, palaces and churches from each age, as well as the elegant atmosphere of a small capital. Parma also hosts one of the world's oldest Universities (dated 1502) and is currently a lively, internationally-oriented University town. Finally, Parma is world famous for its delicious food and demanding Opera season. A nice way to get to know the city is participating into a mixed artistic and gastronomic guided [tour](#).

The best means of transportation in the historic center is ... on foot! But the locals prefer cycling, so always look for cyclists before crossing the road. However, if you choose to stay outside the city center you can easily reach the Conference location by public buses (bus stops: via Garibaldi, piazza Garibaldi, via Mazzini). You can either buy single tickets or an 8-rides card at cigar or newspaper shops. You will need to stamp the ticket/card on your entering the bus. Alternatively, you can ask your hotel to call a taxi for you, or you can do it yourself by calling +39.0521.252562 (Radio Taxi Parma).

How to get to Parma

Train

Parma can be easily reached by train from Milan, Bologna, and Rome (75 minutes from Milan; 60 minutes from Bologna; about 3 hours 1/2 from Rome, with connection in Bologna). For train schedules and ticketing see www.trenitalia.com.

Once arrived at Parma train station, the street in front of the pedestrian exit is Via Verdi. The Conference venue is located at the end of that street, on your right (approx: 500 meters).

Plane

Parma has a small airport connected with London Stansted (UK) (www.parma-airport.it). A frequent bus service operates from 6.30 am to 8 pm between the train station and the airport and vice versa (Bus Line N. 6). The ticket price for each bus ride is 1,20 euro, with additional 80 cents if the ticket is purchased on board. A taxi dock is located outside Parma Airport (around 12 euros to reach the conference venue).

However, almost all international airlines fly to Milan, Rome, and Bologna.

Reaching Parma from Milan Airport

If you are landing in **Milan** ([Malpensa Airport](#), MXP), the fastest way to reach Parma is getting to Milan Central Station and, from there, to Parma by train (75 minutes). To reach Milan Central Station from Milan Malpensa Airport, three options are available: trains, buses or taxi.

Trains leave from Terminal 1 and reach Central station in around 40 minutes (12 euros, departures every 30 minutes).

Buses leave from both Terminal 1 and 2, just outside the terminal, and the journey takes around an hour, depending on traffic (10 euros). Free wi-fi connection is offered on board.

Another option is Taxi: taxi docks are located at ARRIVALS (Ground floor, exit gate 6 at Terminal 1 e exit gate 4 at Terminal 2). A fixed fare is available to reach any destination in Milan (including Central Station): 90 euros.

In case you are landing in another airport in Milan (Milan Linate, LIN, or Milan-Bergamo “Orio al Serio”, BGY), please do not hesitate to contact us for information on how to reach Parma from there.

For train schedules and ticketing from Milan Central Station to Parma, please visit: www.trenitalia.com (prices around 20 euros).

Reaching Parma from Bologna Airport

If you are landing in Bologna Airport, the fastest way to reach Parma is getting a bus to Bologna Central Station and, from there, a train to Parma (50 minutes). A shuttle service is offered connecting the airport to the station at the cost of 6 euros (travelling time around 20 minutes).

For train schedules and ticketing from Bologna Central Station to Parma, please visit: www.trenitalia.com (prices around 10-15 euros).

Reaching Parma from Rome Airport

If you are landing in **Rome Airport** (Leonardo da Vinci Airport), you can reach Parma by transferring to Roma Termini railway station and, from there, catching a train to Parma. The **Leonardo Express** is a no-stop train service dedicated exclusively to airport passengers, to and from Roma Termini with departures every 30 minutes and a journey time of 31 minutes. Tickets cost 14 euros per person.

For train schedules and ticketing from Rome to Parma please visit: www.trenitalia.com (prices around 60-70 euros; connection in Bologna).

Car

On highway “A1” take the exit Parma, then follow directions to the city center (approx. 3 kms/1.8 miles). Three carparks “Toschi” (Viale Toschi 2 - tel 0521 235953), “Duc” (Largo Torello de Strada 11 - tel 0521030562) e “Dus” (Viale Mentana 99/a - tel 0521706370) are available at walking distance from the conference venue (8-10 euros per day). Another option is parking your car at Parcheggio Scambiatore Nord San Leonardo, located just outside

the highway exit. This car park is free and a bus service will take you directly to the center.

Lodging

As for **accommodation** during your stay in Parma, you can check out the following websites: www.turismo.comune.parma.it, www.parmahotel.it or www.bbparma.it.

We warmly recommend you to proceed with reservation as soon as possible, since hotel rooms might be quickly sold out because of the Giuseppe Verdi Music Festival, which takes place every October in town.

If you need assistance with finding an accommodation please refer as soon as possible to our local incoming tour operator, **Food Valley Travel & Leisure** (email: info@foodvalleytravel.com).

Transfer to ESSPD Conference in Rome

Participants who are willing to attend the ESSPD Congress following our Conference can reach Rome by train on Wednesday, October 15, in the afternoon. We have arranged a group reservation to make sure that all ISTFP members who are going to the ESSPD Conference can travel together to Rome. If you are interested in this option and wish that we reserve a train ticket for you, please notify **ASAP** our local travel agency, [Food Valley Travel & Leisure](http://www.foodvalleytravel.com), at info@foodvalleytravel.com.
