

OUTLINE

- Greetings
- 1st lecture. Identity - concepts, recent data, clinical approaches. The relationship between identity and resilience.
- 30-minute break
- 2nd lecture. The model of Transferential Focused Psychotherapy. Applying TFP and psychodynamic therapy to people who have experienced acute stress.
- 30-minute break
- 3rd lecture. Psychoanalytic and personal view of happiness. Philosophers have contemplated human happiness since antiquity. And what about us? How can we understand it today based on contemporary psychoanalysis, and our own life experience?
- Q&A session
